

HDMI 1x4 Splitter with CAT5e/6 Outputs

Distribute four independent outputs over 100ft. (30m)

MPN: HDSP2X4

The KanexPro 2x4 splitter is a high-resolution HDMI distribution amplifier that allows two input switching from your digital sources to up to four outputs to displays such as projectors and flat-panels. With signal equalization and regeneration built-in to the HDMI splitter, longer distances can be achieved easily by placing the splitter at the end of the display. This professional HDMI splitter is optimized for routing HDMI video and embedded multi-channel digital audio to multiple display environments such as digital signage for airports, shopping malls and medical imaging markets.
